People who go to college are incredible
 We go to classes.
 We read and absorb and are comprehensively tested on heavy
 amounts of various materials.
 We sleep very little.
 We drink ourselves into oblivion.
 We cough and keep smoking.
 Someone is always sick.
 Someone is always complaining.
 We become attached to close friends.
 We smother each other.
 We lean too much.
 We think often of the past and want to go back.,
 We know we cannot.
 We have totally separated lives, families, backgrounds, and pasts.
 We live totally different from how we used to live.
 We are frustrated and sometimes want to give up, but we never
 stop trying.
 We disregard health.
 We eat awful foods.
 We are forced to think about the future.
 We are scared and confused.
 We reach out for things, yet we don't find them.
 We try to sort out our minds, which are filled with studies,
 worries, problems, memories, emotions — powerful feelings.
 We wander the halls looking for happiness,
 We hurt — a lot.
 We keep going though, because all else, we never stop learning,
 growing, changing, and most important dreaming.
 Dreams keep us going and they always will.
 All we can do is be thankful that we have something to hold on to,
 like dreams and each other.

It's return of the Mud People to Susquehanna

Nice costumes! They are out of this world!

The International Club proudly displays their sign.

Homecoming Parade

Martians, mudmen, and music, dominated this years homecoming parade. A time for change was the theme interpreted by various organizations on campus. As the sun set and the parade began, the students of S.U. showed the people of Selinsgrove the creative minds this school produces. (on opposite side)

PEACE! This Crusader fan spreads his energetic cheer to persuade the crowd to do the popular "wave". GO CRUSADERS! Look here we've got our number one fan.

What's happening dude? Is it going to rain or what? These Crusader fans enjoy the game and weather before the rain came.

Rain drops keep falling on this Crusader fan. Next time remember your umbrella!

HOMECOMING

"GO CRUSADERS BEAT THOSE DUTCHMEN!"

"What's going on tonight?" Carrie Boyce, Amy Hendershot and Tara McManus brave the rain to find out.

This year's Homecoming Weekend was held September 30th-October 2nd. Homecoming is a time to reminisce about the "good old days" and touch base with old friends.

The Homecoming Football game is the most popular event. This year's game was interrupted by rain. However most of the Crusader fans stayed to the end as SU crushed Albright 37-9.

CHEERS! Both SU students and alumni enjoy the festivities of the Homecoming Game.

A CHORUS LINE

ONE SINGULAR SENSATION

This year's Fall Production, "A Chorus Line," is a play based on struggling dancers who are auditioning for a part in a chorus line. Throughout the play the characters reflect on their life experiences and what inspired them to become dancers . . . "A Chorus Line" is performed without an intermission.

A Chorus Line debuted during Parents' Weekend. The production included SU students with a wide variety of majors and talents. The play was an enormous success, bringing in full houses for each of its performances. The casts and production crew's hard work and dedication made this Fall's Production "one singular sensation."

Kelley Eastham and Kristi Gipe charm the audience with exceptional performances. After a fellow dancer has fallen, the cast comes to his side to offer their support. The cast pulls together during the final and most powerful scene.

Parents' Weekend

It's a Family Affair! This was the theme for 1994 Parent's Weekend which was held from November 11th through the 13th. Parents, siblings, and even grandparents drove up to S.U. to see their loved ones. S.U. students greeted thier parents with open arms in hopes of a free "decent" meal or a trip to the bookstore.

Parent's Weekend is a time for students to introduce their parents to their friends and show them around

campus. It is a time for parents to make sure children are adjusted to campus life and hopefully have done their laundry.

The weather could not have been any nicer this year. As parents, students and other relatives packed Amos Alonzo Stagg Field to watch the Crusaders defeat Juniata by the score of 19-13.

Joe Savaria looks like a gentleman as he walks his family through campus.

above: A special moment between siblings. (left) A.J. Vicinanza bond with his Mom.

Why are you smiling Brooke Bartholomay? Oh! Your parents just bought your books!

"The world speaks to the mind.
Parents speak more intimately they talk to the heart."

Haim Ginott

Mom and Dad, Can you take me to the book-store?

Brooke Bartholomay looks energetic as she strolls to her residence hall with Mom and Dad. Looks like they just did some shopping at the campus book store...I hope her parents have enough money to return home!

Here are two Halloween cuties! Only don't cats usually chase mice? ME-OW!!

We need candy! How else do you expect us to study all night? Please. . . we are begging!

This Aikens crew is busy making Halloween madness with some Jack-O-Lanterns. . .should you guys really be holding knives?

Halloween

The freaks come out at night. Especially here on S.U.'s campus. Most students enjoy the spooky spirit this holiday brings. Chants, ghost stories, scary monsters and dreadful pranks are all part of the Halloween tradition. Where are all the trick-or-treaters? Probably not here, the town of Selinsgrove allots specific times for kids to act silly and gather up lots of candy. The best part of Halloween is pondering what the "best"

costume is suitable for the year. This Halloween the Lion King and Power Rangers were the rage. BE ORIGINAL! Let the crowd wonder who you are... OH! Remember that rumor that has been going around forever? The one about the pycsic predicting a murder at a college that sounded just like S.U? I guess this Halloween was full of a lot more tricks than we realized. But who knows about next year?

It is half of the Brady Bunch! Hey Marcia, Jan and Cyndi! Where are Greg, Peter and Bobby?

Who are you? Reagan or Clinton? Either way you are out of here!

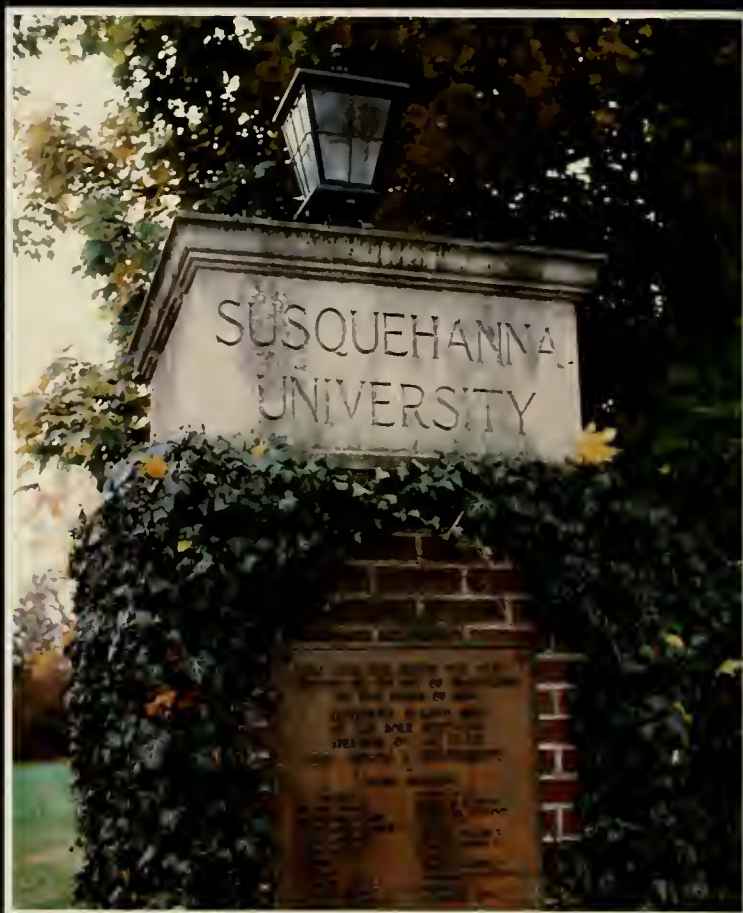

What happened to you? Did you take a hard tumble or scare the heck out of someone? Next time dress up for the occasion.

A tour of S.U.

Susquehanna is known for the beauty of its 190-acre residential campus and its small enrollment of 1,450 students. Students at Susquehanna get the best of both worlds. It may be a small university but it has two professional schools (Sigmund Weis School Of Business, School of Fine Arts and Communications) and the College of Arts and Sciences.

US News and World Report ranked Susquehanna number one in the Northeast regional universities, in its 1994 edition of *America's Best Colleges*. This special annual issue has included Susquehanna five times.

The Business School is accredited by the American Assembly of Collegiate Schools of Business. Only about 20% of schools nationwide have met the high standards of AACSB.

Bombers, Burgers, Bandits, and Bot's

A fill up at Coastal, a Video Stop, maybe even a biff, burger are some of the memories you will leave school with. For some, B.J.'s and Bot's has become a way of life. But who can ever forget calling New York Style, at 2:30 in the morning and eating late night pizza. Maybe even not doing laundry for two weeks and having to spend an entire Sunday at Steinger's is memorable. Snyder County Trust, a place visited by many, whether it is for a bounced check,

depositing birthday money, or even to get a role of quarters. Then there's Keller's whether you want a case of Natural Light or just good informative conversation, this a memory that will last forever.

Homecoming '94

FRIENDS

I'll be there for you
When the rain begins to fall
I'll be there for you
Like I have been there before
I'll be there for you
Cause you are there for me too.

Rembrandts
(Theme Song from "Friends")

You are always my Friend
When I am happy or when I am sad
When I am alone or when I am with people
You are always my friend if I see you today or if I see you a
year from now
You are always my friend and through the years we will
change
It doesn't matter what I do or what you do
Through out my lifetime you are always my
Friend.

Susan Polis Shutz

What a Long Strange Trip it's been
The Caravan has all of my friends. . .
it will stay with me until the end.
Let me tell you about some friends I know
They are kind of crazy, but you'll dig the show
The Grateful Dead.

The Year in Review

The 1995 Miss America Pageant winner was Heather Whitestone. A Jacksonville State University student, she overcame the odds by becoming the first Miss America with a disability, she has been hearing impaired since age eighteen.

Critics claim it was the case of the century. America stayed glued to their television sets during the great white bronco chase. O.J. Simpson, a famous sports figure was accused of killing his ex-wife Nicole Brown Simpson and her friend Ronald Goldman. Americans remained glued to their T.V. sets throughout the trial.

Woodstock '94 was a big hit in the fields of Saugerties, N.Y. Acres of land were trampled upon during this huge concert event. Groups such as Aerosmith, Blind Mellon, Green Day, and Cyprus Hill were some of the bands that entertained the crowd. During that weekend, it rained heavily leading to a playful time in the mud.

Aerosmith, a popular rock and roll band, has been taking the world by storm. This band has been together for years and is listened to by fans young and old. Aerosmith is a real class act.

In 1994, the king of pop, Michael Jackson married the king Elvis Presley's daughter, Marie Presley. The unusual couple was the dream of every talk show host and comedian as jokes and rumors ran rapid about their relationship. What would Elvis ever say? Michael Jackson also released History. This greatest hits album did not rock the charts as his previous albums.

The Year in Review

On April 19, 1995, a tragedy took place in America's heartland. A car bomb exploded in front of and destroyed the Murrah Federal Building. 169 lives were lost including 19 children who were in a daycare center, located in the epicenter of the blast. The main suspect who caused this horrible tragedy was American Timothy McVeigh. McVeigh was apprehended after a police officer pulled his car over for not having a license plate.

The great floods of the Mississippi river engulfed parts of the Midwest. This flood was said to have been one of the worst floods in history. Crops, houses, cars and lives were washed away in one of the worst floods in the history of the United States.

Southern California also fell victim to a horrible flood. A series of Pacific storms with heavy rains hit the state known for its beautiful weather. Stream, rivers and lakes overflowed and covered Southern California.

California also fell victim to brush fires. These brush fires raged on for days, destroying thousands of acres. The fires destroyed forests, homes and wildlife in California.

The South Hyoso earthquake in Western Japan struck and surprised many residents at 5:45 a.m. on January 17, 1995. This was the worst disaster in Japan since the earthquake in 1948. This quake measured 7.2 on the richter scale. The earthquake claimed more than 2,000 lives and 800 were missing also. This tragedy will be remembered forever.

World Cup Soccer is one of the biggest sporting events in the world. The World Cup takes place every four years in a different host city. In 1994, the world cup was hosted in the U.S. The U.S. team accomplished one of the biggest upsets in history by defeating Columbia. Brazil and Italy faced each other in the finals. At the end of regulation the score was 0-0. They played in sudden death overtime, and neither team scored. The game was decided by penalty kicks. Brazil outscored Italy to give them the victory.

After his father's tragic death, Michael Jordan retired from basketball. As a challenge, this talented athlete played for the Chicago White Sox in their minor league system. Much to the excitement and relief of basketball fans, the simple statement, "I'm back," meant that he was leaving baseball for the love of basketball.

The thrill of victory was apparent for tennis superstar Andre Agassi. He had struggled for the past year with his tennis game and many critics had written him off. Until 1994, when he made the comeback of his life, he won the U.S. Open. This was the beginning of a brilliant career for this young superstar.

Superbowl 29 was between the San Francisco 49ers and the San Diego Chargers. Behind the arm of Steve Young, the 49ers scored early and often on January 29th to defeat the Chargers 49-26. For the 49ers, quarterback Steve Young was named the game's MVP. He passed for 325 yards with six touchdown passes. With his six touchdown passes, he surpassed Joe Montana's record of five. With this effort, Steve Young has escaped the ghost of his predecessor, Joe Montana.

Who won the 1994 World Series? Nobody! In 1994, America's favorite past-time came to a halt in the middle of the season. Owners, players and managers battled over salary caps. Fans were heartbroken because there was not a salary World Series.

Chechen rebels stung the Kremlin with bitter truths: big is not always better, the desire for independence is a powerful weapon, and Moscow's military machine can be made to bleed. Outmanned and outgunned, the Chechens' fierce resistance stunned and humiliated the Russian army.

The former Yugoslavia became a worn-torn state, as ethnic strife split Bosnians, Croats and Serbs. A horrible civil war engulfed the nation. Thousands of lives were lost, as they got caught in the cross-fire.

Ethnic strife and civil war also engulfed Somalia and Rwanda. The United States sent forces in an attempt to control the situation.

The United States was over-whelmed when thousands of Cuban refugees attempted to sail across the blue waters to Florida to seek a safe haven. The United States government received much criticism when they did not grant all of them political asylum.

President Clinton had his share of ups and downs during 94-95. White House security was tightened when a single engine plane crashed into the White House.

Republican Newt Gingrich became a household name after he became speaker of the House and introduced the U.S. to his "contract with America." He promised citizens a better future.

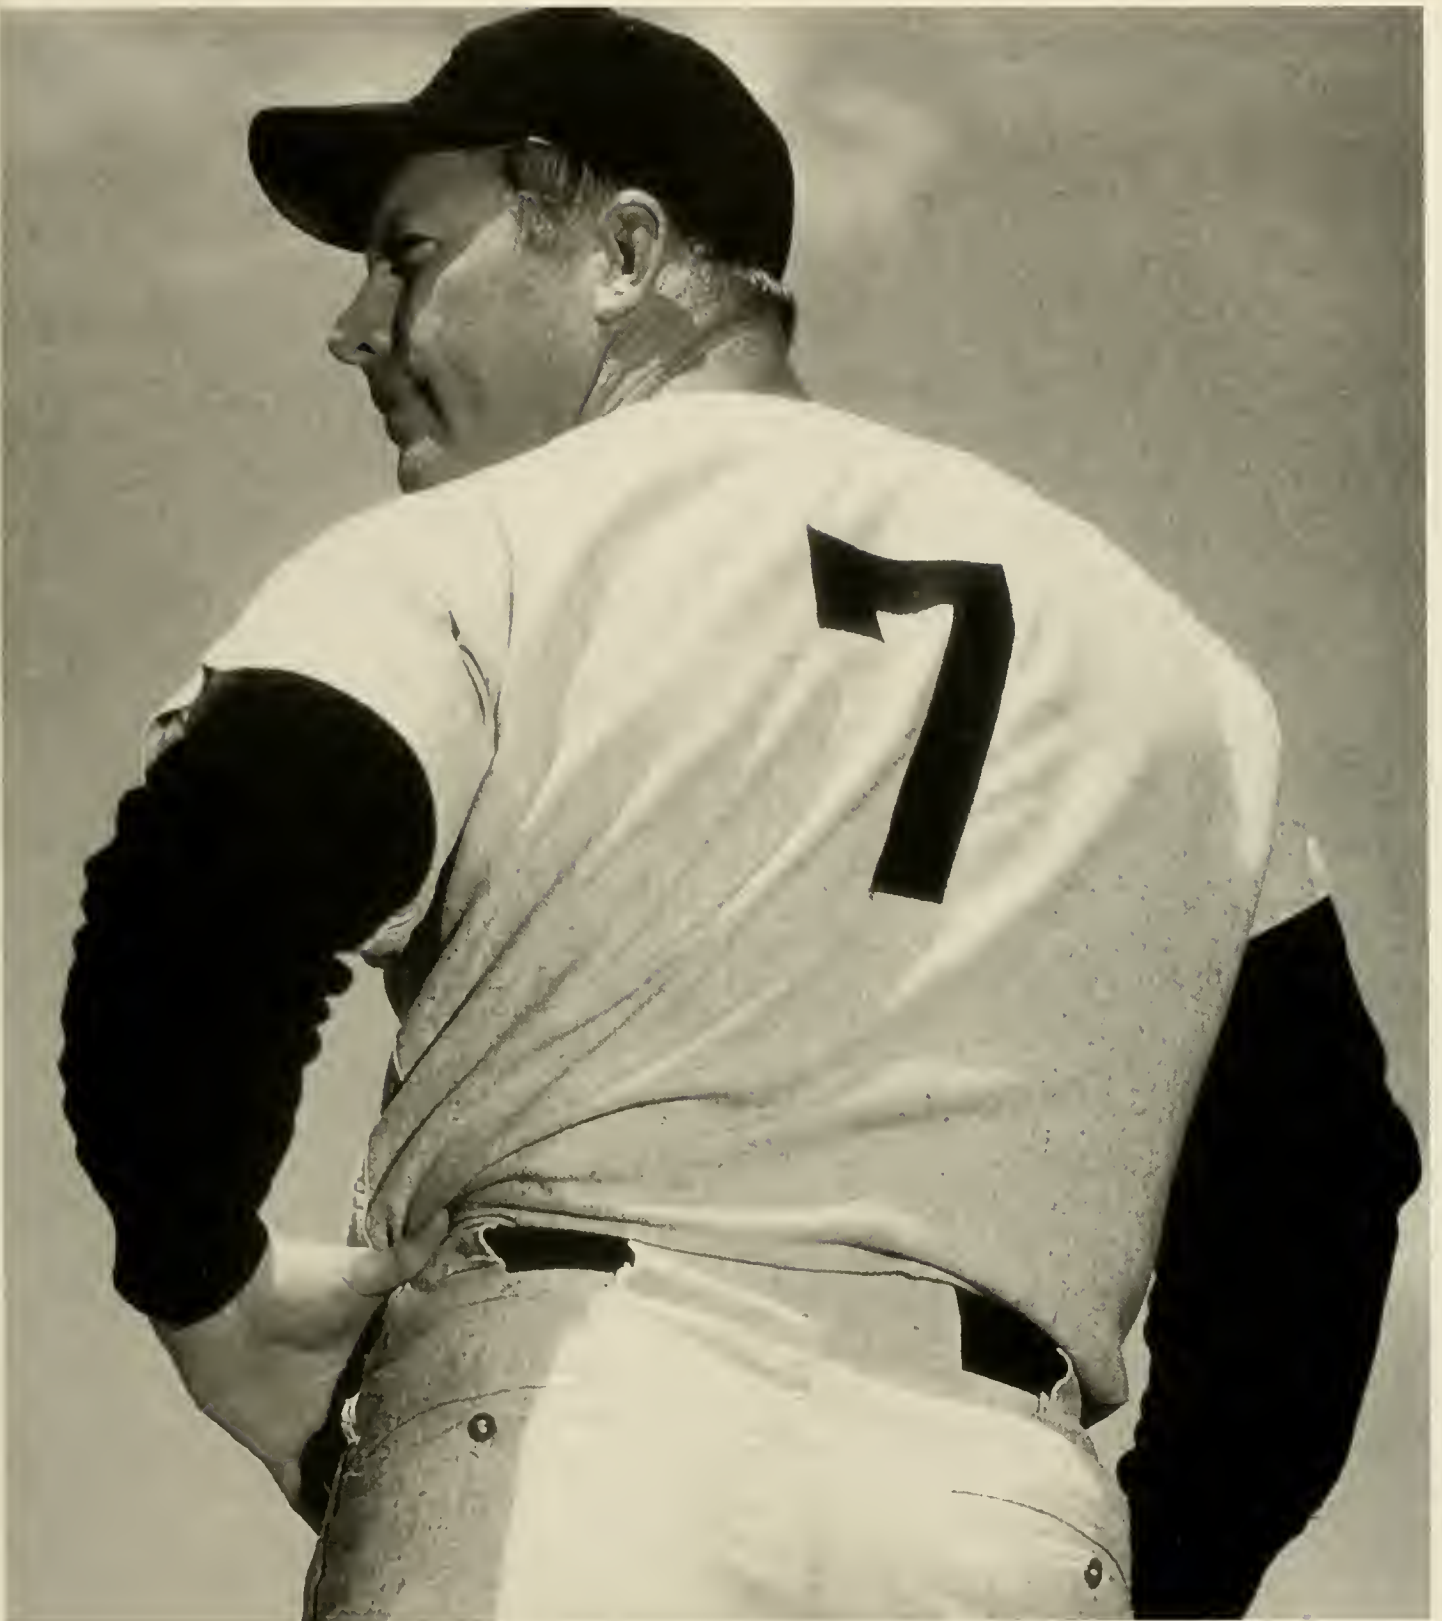

President Clinton also signed a crime bill in an attempt to crack down on the nation's felons.

Making History

1994 marked the first season of the women's varsity soccer program. Under the direction of Coach Kwame Lloyd and Assistant Coach Carol Miller the team finished with a record of 5 and 6.

This year's team started off the season by crushing Junitat 7-0. However the Lady Crusaders were then crushed by Scranton 0-6. The Lady Crusaders bounced back by defeating King's College 3-0. The Lady Crusaders then dropped two games to Lock Haven and a heart breaking loss 1-2 loss to Dickinson. Baptist Bible defeated them 2-1 and Elizabeth town edged them out with 0-1 victory in double overtime. The Crusaders then beat Wilkes 4-0 but lost to Drew 0-3. The loss was even more costly to the team because Senior Captain Stephanie Vasilades suffered a head injury and a

sprained neck. The Lady Crusaders did pull together for the final game of the season by defeating Delaware Valley 2-0. This year's captains were Senior Stephanie Vasilades and Junior Kim Kane. Both Stephanie and Kim played key roles in turning the once club soccer program into having varsity status. They also provided the team with leadership, dedication and played the best of their ability through out the season.

Leading the offense of this year's team were Freshmen Kristin Reihl who had 10 goals and 2 assists and Junior Amy Vogel who had 6 goals and 4 assists.

Goalkeepers Junior Kelly Sincavage who had 35 saves before suffering a season ending injury Sophmore Maddie Pennino who had just recovered from a hand injury replaced Sincavage and finished the season with 45 saves.

HANGING TOUGH

The seniors for the Lady Crusaders led the Field Hockey team to a 7-5-1 mark. Career scoring leader Tracey Corrigan grabbed MAC Commonwealth League 1st team All-Star honors. Michelle LeFevre and Cheri Long were second-team choices, and Freshman goalkeeper, Amy Zimmerman also recieved second team. With the team only losing four players, the Field Hockey program looks strong for

the future. The season started off strong with the team winning 4 of their first 5 games. The middle of the schedule appeared to be the toughest with four MAC league games in a row. The Lady Crusaders however finished strong giving a positive outlook for the future.

Women's Volleyball — DIG IT!!!

With only three returning players, this years women's volleyball team entered the season with the uncertainty of a young team, but finished the season strong with a record of 15-18. The team was led by the three upperclassman, Senior Julie Dills, and Juniors Michelle Leichty and Missy Fetsko. Leichty, this years most valuable palyer, recieved all MAC first team honors and Dills, defensive player of the year, was named to the second team. As the talent and experience continues to grow, the team hopes for a promising season next fall.

This years team started off slow but as the teamwork came so did the wins. The season ended with the team winning 5 of their last 6 matches in impressive fashion. With a sport that requires so much team communication the outlook for years to come is promising.

Missy Fetsko, junior, concentrates on digging for the ball.

Cross Country

Going the Distance

With only three years Varsity experience the Womens Cross Country team proved that experience doesn't win races. The team finished with 12 girls with only one graduating, Captain Kristen

Preuss. "Motivation was our surviving mechanism and all 12 of us can tell you that Women of Iron, Can't be Broken!" This is the positive attitude the Cross Country Team will take with it in years to come.

The 1994 Men's Cross Country Team was one of youthful experience. The team had only six returning letter winners four of which were sophomores: Matt Ollikainen, John O'Reilly, Rob Dicerbo, and Tyler Tanner. The other two returning letter winners are Jerry Dundore and MVP of the season Senior Captain Dan "Sprout" Andrus.

The rest of the season was filled out with youth by Freshmen Eric Davis and Robert Joppa. The team was one of the fastest in S.U. history. Three members of this team broke 28 minutes in the 8,000 meter course at the Gettysburg Invitational.

The Susquehanna Cross Country Team hosted the M.A.C. Championship. They ended the season with a ninth place out of fourteen teams.

Men's Basketball 1994-95

With the loss of the three top scorers from last year, sixth year coach Frank Marcinek had some work ahead. The two men who would emerge as the teams scorers were Senior Chris Houser and Junior sharpshooter Matt Heimbach. The team season started great going 4-0, along with taking the title from the SUSQUEHANNA VARSITY TOURNAMENT. The team finished the year 14-11 and 9-5 in the conference. For the fourth straight year the team made the MAC's only to loose to longtime rival Scranton in the first round. With the loss of three seniors

the team is looking for some of the younger guys to step up in the years to come. A big advantage is the starting guards will return.

Chris Houser earned FIRST TEAM ALL MAC honors to finish his career. Matt Heimbach earned SECOND TEAM honors as well as setting the schools record for most 3 point field goals in a season.

Senior Chris Houser goes up for two.

Doug Donohoe goes up strong.

Kelly finished fifth in MAC scoring this season with 18 goals and five assists. Irvine finished third in MAC scoring with 30 goals and two assists. Greek Olympics

After a week of ping-pong tournaments, air band, and the scavenger hunt, Greek week came to a conclusion with the annual Greek Olympics.

From the egg toss to the keg toss, Susquehanna's four fraternities, Phi Mu Delta, Phi Sigma Kappa, Theta Chi and Sigma Phi Epsilon as well as the Susquehanna's four sororities, Sigma Kappa, Kappa Delta, Alpha Delta Pi and Zeta Tau Alpha took part in some friendly competition held on the football field.

The Greeks were able to show some of their otherwise hidden talents in the shoe race, pyramid relay, burping contest, three legged race and hot dog eating contest. At the end of Greek week, Zeta Tau Alpha took first place out of the sororities and Sigma Phi Epsilon won out of the fraternities.

Spring Fever

Once the nice weather hit at Susquehanna, the students turned in their hats, winter coats and gloves for roller blades, bikes, and frisbees.

The campus become alive again with pick up football, basketball, and baseball games. Roller blading, biking and even walking become popular forms of transportation. Other students layout in hopes of starting their summer tan.

Spring time also gives the students the chance to go out and support Susquehanna's sports teams and hang out with their friends.

SPRING WEEKEND

"Hakuna Matata" was the theme for Spring Weekend '95 held on May 4th- May 6th at the Campus Center. The last weekend before finals students had a "No Worries Weekend" with an outdoor movie, "The Lion King" on Friday night. Saturday the annual carnival took place. Students took part in the fun, with a trampoline thing, sumo wrestling, Gyro, Velcro Wall, Bouncy Boxing, Airball, Photo Bar, View Finders and Caricture. Last but not least, students grooved to the tunes of "YO CUZ" and "Tommorrow's Party."

Hanging out

Perhaps the best part of Spring Weekend is getting to hang out with your friends. The pressure of finals are forgotten but having a good time is not.

For underclassmen it is the last time, they will see each other until August. For the seniors, it signals that graduation is on the horizon. Therefore they make the best of it.

Spring Weekend only comes once a year, so the pressure is on to have a good time.

GRADUATION

On May , 1995, Susquehanna University's Class of 1995 became alumni. Tears of sadness and joy were in the eyes of the graduates. Graduation came sooner than anyone ever expected. It seems like yesterday, the Class of 1995 were freshmen and now they are alumni.

As the class of 1995, trades in their basecaps, jeans and backpacks for business suits, brief cases and alarm clocks, it is important for them to remember the lessons they learned both in and outside of the classroom.

As the Class of 1995 leaves Susquehanna, they knew that the memories of Susquehanna will always stay in their hearts.

OH! THE PLACES YOU'LL GO!

BY DR. SEUSS

Congratulations!
Today is your day
You're off to Great Places!
You're off and away!

You have brains in your head.
You have feet in your shoes.
You can steer yourself in any direction
you chose.
You're on your own, And you know what you know.
And you are the guy who'll decide where to go.

You'll look up and down streets. Look 'em over with care.
About some you will say, "I don't chose to got there."
With your heads full of brains and your shoes full of feet,
you're too smart to go down any not-so-good street,

And you may not find any
you'll want to go down.
In that case of course,
you'll head straight out of town.

It's opener there.
in the wide open air.

Out there things can happen
and frequently do
to people as brainy
and footsy as you.

And when things start to happen,
don't worry. Don't stew.
Just go right along.
You'll start happening too.

OH!
THE PLACES YOU'LL GO!
